## Summary

Starting with the basics I am working hard to reshape my career, step by step, with progressive growth, always curious, and seeking to continuously improve in the processes. Curiosity, good communication, and time management are skills that define me.

Let's e-meet: http://dianabardasan.com

I'm enthusiastic to start my career as a QA!

## Experience

### Operator Arhiva Electronica de Garantii Reale Mobiliare
Cabinet Individual Avocat Mircea Pop, Cluj-Napoca
Jan 2011 - Oct 2020 (9 years 10 months)
The Electronic Archive of Movable Guarantees represents a unique database at the national level, which ensures the registration of real movable guarantees and other legal acts.
Through this, the guarantee contracts on the movable goods concluded between the banks and the holders of bank loans, of the leasing contracts, or other legal operations provided by law are advertised.

Responsibilities:
• good organization of daily workflow
• communication & collaboration with partners
• attention to the contract details
• knowledge of the Ministry of Justice's app

Skills developed:
• attention to detail
• time management
• communication
• problem solving
• adaptability
